Experiencing Augmented Reality for Cultural Heritage Applications in iVET

Program: Erasmus + KA2 Strategic Partnerships
(Vocational education and training)

Project reference number:
2018-1-DE02-KA202-005088

Start: November, 2018
End: April, 2021

Bringing culture to the 21st
century and in all our pockets!

CultApp in a nutshell

- ✓ **Main objective:** How can we inspire young school learners for Europe's Cultural Heritage (CH) by using Augmented Reality (AR)?
- ✓ **Target groups:**
 - ✓ Young learners from VET institutions
 - ✓ Teachers (Graphic Design, Art, History...)
- ✓ **Beneficiaries:**
 - ✓ VET schools
 - ✓ Local and regional culture promoters

CultApp in a nutshell

Impact:

- ✓ increased digital competence of learners and teachers
- ✓ Improved creativity and innovation of learners
- ✓ Innovative teaching and learning approaches at VET schools
- ✓ Raising awareness of Europe's Cultural Heritage

CultApp in a nutshell

Expected outputs:

- 1) AR meets CH: Compendium of AR practices applied to CH
available: <http://cultapp.eu/compendium-of-augmented-reality-technologies>
- 2) Online teacher training programme
currently in development
- 3) Augmented learning project work
Starts September 2020

Co-funded by the

Output 2: Online Teacher Training Programme (05-2020)

Course title: *Augmented Reality for Cultural Heritage Education (AR4CHE)*

Course objectives:

- ▶ To enable teachers to integrate CH-related topics into their professional activities by using AR
- ▶ In particular, to empower teachers to plan, develop, implement, and evaluate pedagogical activities for promoting CH via AR
- ▶ Pilot will start in Februar 2020. Publicly accessible May 2020

Online Teacher Training Programme

Learning outcomes:

Upon completing the training course, attendees will be able:

- ▶ to assess the impact on and benefits for teaching and learning in the context of Cultural Heritage education
- ▶ to design and implement suitable pedagogical scenarios for Cultural Heritage-related subjects using AR
- ▶ to foster learners' curiosity and motivation to learn CH-related topics through AR.

Online Teacher Training Programme

Project Models: ADDIE Model / Design Thinking

We suggest using a mix of ADDIE and Design Thinking methods. We believe, the combination of both techniques might perfectly support the teachers when designing and implementing their learning project!

Output 3: Augmented learning project (09-2020)

Online Teacher Training Programme

Target groups:

- ▶ iVET teachers of Art, History, Media Design and/or production.
- ▶ teachers from secondary schools or higher education sector dealing with related subjects
- ▶ cultural workers, personnel from museums, tourism agencies, city municipalities engaged in promoting cultural assets and touristic destinations

Online Teacher Training Programme

Main features:

- ▶ **Workload:** 2 ECTS (60 hours)
- ▶ **Delivery format:** LMS Moodle (www.ar-cultapp.eu) - under construction

Type of study: asynchronous online self-study

- ▶ **Course structure:** 5 modules
- ▶ **Certification**
- ▶ **Free of charge**

Online Teacher Training Programme

5 modules of AR4CHE course:

- ▶ **Module 1:** interconnecting Cultural Heritage, Education, and Augmented Reality
- ▶ **Module 2:** AR - how it works from the technological viewpoint
- ▶ **Module 3:** AR content production
- ▶ **Module 4:** Project Exercises
- ▶ **Module 5:** How to set up an AR project applied to CH in the class

The Zollverein industrial complex, Essen, Nordrhein-Westfalia

The colliery Zollverein was an active from 1851 to 1986 hard coal mine in Essen. It is today an architectural and industrial monument. Together with the directly adjacent coking plant Zollverein, the mines 12 and 1/2/8 of the mine have been UNESCO World Heritage Sites since 2001.
